

Publication list of Evidence Summary titles available in the Wound Healing and Management Node of the JBI COnect+ database as at 31 December 2011.

Authors: The Wound Healing and Management Node Group

This list is updated quarterly

Evidence Summary ID	Publication Title	Audit Criteria	EB recommended practices	Date
3446	Alginate dressings for chronically infected wounds			17/02/2010
3449	Antibiotics: Doxycycline for chronic wounds			20/05/2010
3450	Autolytic debridement for chronic wounds			20/10/2009
3451	Chemical debridement for venous leg ulcers			19/05/2010
3454	Enzymatic debridement for venous leg ulcers			13/10/2009
3455	Hydrogel dressings in treating chronically infected wounds			22/02/2010
3456	Larval therapy for debridement of chronic wounds			17/10/2009
3457	Mechanical debridement of chronic wounds			21/01/2010
3458	Pentoxifylline for venous leg ulcers			27/04/2010
3459	Silver-releasing alginate dressings for chronically infected wounds			19/02/2010
3460	Surrogate (non-collagen/ amelogenin) extracellular matrix (ECM) proteins for treating venous leg ulcers			07/05/2010
3452	Surrogate (collagen) extracellular matrix (ECM) proteins for treating venous leg ulcers			
3461	Silver-containing hydrogel dressings in treating chronically infected wounds			21/02/2010
3462	Silver-releasing nanocrystalline dressings for chronically infected wounds			23/04/2010
3463	Silver-sulphadiazine as a topical antimicrobial in treating chronically infected wounds			19/05/2010
3465	Surgical and conservative sharp wound debridement for chronic wounds			22/01/2010
3466	Wet-to-dry saline moistened gauze for debridement of wounds			19/05/2010
3469	Wet-to-dry saline moistened gauze for wound dressing			19/05/2010
3470	Wet-to-moist wound dressings			19/05/2010
3471	Leg Ulcers (Arterial / Venous): Oral zinc supplementation and healing			21/05/2010
3673	High powered hydrosurgical debridement of chronic wounds			11/08/2010
3674	Increasing patient adherence with compression therapy ('Concordance with compression')			19/08/2010
3675	Pulsatile lavage for debridement of chronic wounds			10/08/2010
4775	Primary prevention of venous leg ulcers			02/03/2011
4778	Chronic wound management - <i>update</i>		Swab culture: Levine's technique Z stroke Technique	22/02/2011
1336	The use of medical-grade in wound care – honey - <i>update</i>			14/04/2011
1134	Cavity wounds	√	Wound packing	15/06/2011
5353	Wound Specimen Techniques: Clinician information	√		14/06/2011

3453	Venous leg ulcers –choosing appropriate dressings - <i>update</i>			20/06/2011
5499	Wound drain: Dressing after surgery			10/08/2011
176	Care of wound drainage site - <i>update</i>			22/08/2011
5498	Wound drainage site: Pancreatic surgery			22/08/2011
1449	Wound cleansing – tap water - <i>update</i>			26/11/ 2011
